Want me to read you to sleep?".He heard her explain that the title of the exhibition

had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to time featured a clergyman. Her father's sermon received the greatest response from listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand. demons: hypodermoclysis ... intravenous oxytocin ... maintain perfect asepsis, and I mean perfect, at all times ... a few oral preparations of ergot as soon as it's safe to give her anything by mouth. They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written. The boy's silvery giggles rang as merrily as sleigh bells, his Christmas spirit undampened. "Not between, Mommy. Nobody could do that. I just ran where the rain wasn't." Deciding that he didn't need an exit line, Junior headed toward the service road and his Suburban. AT ST. MARY'S HOSPITAL, where Wally had brought Angel into this world three years ago, he was now fighting for his life, for a chance to see the girl grow and to be the father she needed. He'd been taken to surgery already when Celestina and Angel arrived a few minutes behind the ambulance. From these ominous spatters, several fibers bristled, having stuck to the pewter when the drizzle was still wet. They appeared to be human hairs. Perhaps the paramedic had given him an injection, a sedative. The howling ambulance rocked along on this most momentous day, Junior Cain wept profoundly but quietly--and achieved temporary peace in a dreamless sleep. The cop weighed too much to be carried any distance, the blanket proved effective, the decision to drag him was wise, and the whole process was value neutral. Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man. "Whatever you're paying here, that's what you'll pay for the new place," Lipscomb said. Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too. He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique. Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she encountered a wall. In southern California, as dawn of this new momentous day looms. In the late-afternoon light, on this Christmas Eve, Barty was no ghost, no illusion. "Paul told us the night he first came to the parsonage. About Agnes here ... and what had happened to Barty. And all about his late wife, Perri. I feel like I know Bright Beach already." He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every life had profound purpose. Shaking off this peculiar case of the spooks, Barty proceeded toward the stairs. Just when he reached the newel post, he heard the faint creak of the marker floorboard behind him. He hadn't killed this one, of course. A traffic accident. Wasn't that what Vanadium had said? Ten months ago, following tendon surgery for a leg injury, Seraphim had been an outpatient at the rehab hospital where Junior worked. She was scheduled for therapy three days a week. In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses. Junior was motivated not by twisted needs, but by rational self interest. Consequently, he opted to load the detective's body into the cramped backseat of the Studebaker with all limbs intact and head attached. The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical. "I mean it. You have a lot of responsibilities here. Barty. Pie Lady Services. People who depend on you. Friends who love you. When you came on board with me, mister, you bought into a whole lot more than you can walk away from." "See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand. Occasionally, when Junior returned home from a day of gallery hopping or an evening at a restaurant, Industrial Woman-the artist's title-scared away his mellow mood. More than once, he'd cried out in alarm before realizing this was just his prized Poriferan. Losen, a sea-pirate who called himself King of the Inmost Sea, was then the chief warlord in the city and all the east and south of Havnor. Exacting tribute from that rich domain, he spent it to increase his soldiery and the fleets he sent out to take slaves and plunder from other lands. As Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest job, Otter's father said, and what the work was used for was none of their concern. Otter shook his head. The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps no eyes would alight upon him again except those of hungry rats. From the floor, Junior snatched up the bottle of wine that had twice failed to shatter. His lucky Merlot. Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills. A few minutes after dawn, in excellent weather, they flew out of Sacramento, bound for Eugene. Junior would have enjoyed the scenery if his face hadn't felt as if it were gripped by a score of white-hot pliers in the hands of the same evil trolls that had peopled all the fairy tales that his mother had ever told him when he was little. "We were about to order dinner from room service," Tom said, handing a menu to Paul. As Celestina and her mother loaded the last of the pies into the ice chests in the Suburban, Paul and Agnes came back from her station wagon at the head of the caravan. Vanadium continued in his characteristic drone, a tone at odds with the colorful content of his speech: "A man takes one look at his wife's body, starts to sweat harder than a copulating hog, spews like a frat boy at the end of a long beer-chugging contest, and chucks till he chucks up blood-that's not the response of your average murderer." "From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism." Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove, compartment. His body ached, too, especially his back, from the

battering that he had taken. He remembered hitting the floor with his chin, and he supposed that he might have gotten knocked about the face more than he realized or remembered. If so, there would be bruises soon, but bruises would fade with time; in the interim, they might make him even more attractive to women, who would want to console him and kiss away the pain-especially when they discovered that he had sustained his injuries in a brutal fight, while rescuing a neighbor from a would-be rapist."A nose, now, is a useful thing, a salable thing," Hound went on. "Not that I'm looking for competition. But a finder can always find work, as they say...You ever been in a mine?".Since dealing with Victoria and the detective, Junior had taken pride in the fact that he'd kept his equanimity and, more important, his lunch. No acute nervous emesis, as he'd suffered following poor Naomi's death. Indeed, he had an appetite..ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood.."Are you all right?" he asked as he opened the passenger's door and helped her into the car.."Fifteen fifty-six?" Bill frowned. "Hell, the Chinese probably didn't even have mud back then.".Of course, he also might have shot off his own thumbs as double insurance against being drafted and sent to Vietnam..He halted, made a quick calculation, turned, and moved toward where the back door ought to be. He found it half open.."I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed.".In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured..Barty wanted to hug her. He did hug her. He hugged Angel, too. He hugged Tom Vanadium.."Maybe," said Angel. "Or maybe to The Monkees ... or maybe to where you didn't get run down by the rhinosharush.".Junior joined the throngs, although he had no gift list or feeling for the season. He just needed to get out of his apartment, because he was convinced that the phantom singer would soon serenade him again.."So what I am is I'm your talking eyes." Lowering her hand from his face, Angel said, "Do you know where bacon comes from?".Frequently, symptoms appear early enough that radiation therapy in one or both eyes has a chance to succeed. Sometimes strabismus-in which one eye diverges from the other, either inward toward the nose or outward toward the temple-can be an early sign, though more often we're alerted when the patient reports problems with vision.."I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?".And there are songs, old lays and ballads from small islands and from the quiet uplands of Havnor, that tell the story of those years..After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe..By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place..Clinging to the desperate hope of an ultimate reunion, he put the gun away, went to the kitchen, and made a grilled-cheese sandwich: cheddar, with dill pickles on the side..Her mother and father still resided in a world where Phimie was alive. Bringing them from that old reality to this new one would be the second-hardest thing Celestina had ever done..Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts..room, heavier and colder than the ice bags that were draped across Junior's midsection..He nervously fingered the fabric of his slacks, outlining the quarter in his pocket. Still there..During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury..The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving..Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices-to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth.."Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited..Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone.
